Hi Evan,

Right now I am confirming the participation of the 44 CLED students. So far I have heard from 27 and only 1 has declined. Five students have requested different projects. I will determine if those changes can be made after I receive the other confirmation responses. The others have until tomorrow to notify me. At that point I will fill the open spots with the non-CLED students. With the number of non-CLED student applicants, Right now, the confirmed residential students are

IMSA- 5 confirmed (awaiting 5 CLED students- 40 non-CLED students expressed interest)
SIU- 9 confirmed (awaiting 7 CLED students- 59 non-CLED students expressed interest)
WIU- 5 confirmed (awaiting 4 CLED students- 18 non-CLED students expressed interest)

I also have a CLED student confirmed at the Kane County Forest Preserve, DPI and UIC.

I will begin to place the non-CLED students tomorrow.

Anita

Hi Anita,

Just checking in about the SRELO placements. I am curious how many students will be at residential locations (CLED and non-CLED), and how many students have been selected at the other locations (commuting and online). I'd like to share this number with the Board, if possible. I also want to report back the recommended placements to these universities - you are welcome to be the lead contact. I just want to make sure the loop is closed with all of the different institutions. Thanks so

much for your leadership on this program.

Evan
