Hi __,

To elaborate on what we discussed, IMSA requires all students to live at the academy in the resident halls during fall and spring semesters. We are a residential academy, so all of our 10, 11, 12th graders live in resident halls and have a comprehensive amount of programming and activities through their resident halls that is part of the overall curriculum and programming at IMSA. Living on campus is integral to the student experience and we understand it may not be the best choice for everyone, but it is for the overall experience of those that are looking to get the most out of IMSA.

Please let me know if you have any other questions, thanks!
